

## **Photographic Imagery Policy**

The Xcel Hockey Coaching camp application requires parents/guardians of children aged 18 or under to give specific permission for photographs to be taken and used for publicity and social media inclusion.

Should any parent/guardian withhold such consent, Xcel Hockey Coaching will ensure that any images of children affected will not be used in this way. Where consent has been given, only authorised company officials are permitted to allow the use of photographs for publicity and/or social media inclusion.

Photographic Imagery permission will be requested for each individual camp a parent/guardian signs their child up for. If the permission the parent/guardian has granted for their child changes, all publicity and social media inclusion will be adjusted accordingly.
